## Education

### Harvard University

2017 - Present

A.B. in Applied Mathematics with a focus in Data Science

### Relevant Coursework

Machine Learning, Data Visualization, Functional Programming,  
Applied Linear Algebra and Big Data

## Leadership and Activities

### Digital Literacy Project

2018 - Present

*Director of Volunteers*

Taught computer science to middle schoolers in under-resourced schools in Boston. Recruited fellow student teachers.

### Harvard Undergraduate Global Education Movement

2018 - Present

*Co-Founder & Director of Technology and Multimedia*

Launched and maintained the organization's website (*hgem.org*) and built the organization's brand identity by designing logos and conference materials, taking team headshots, and documenting our Dubai conference.

### The Harvard Crimson

2017 - 2018

*Multimedia News Executive*

Edited, curated, and created multimedia news content for the school newspaper. Managed a team of 45 other Executives and Junior Executives. Increased video production by 1200% and average monthly viewership by 300%.
